PRODUCT DESCRIPTION

Secure, hold, prop - the compact iF4R is easy to transport and always keeps your hands free when you need them. The rechargeable construction spotlight with five brightnesses can be fully adjusted to your needs: with the magnet, flexible base or handle you have the light right where you need it. Thanks to the integrated power bank feature, the iF4R not only supplies up to 15 hours[1] of light, but also power for your mobile device.

- Super compact (235 x 44 x 111 mm)
- Built-in magnet to easily attach to metal surfaces (e.g. steel beams)
- Five brightnesses with a luminous flux of up to 2,500 lumen[1]
- Built-in power bank supplies power for cellphones and other devices.
- Efficient cooling element for a long life and optimum performance

FOOTNOTES

The information pertaining to scope of delivery, appearance, performance, dimensions and weight corresponds to the information available at the time of publication. In the interest of product development, we reserve the right to change scope of delivery, appearance, design and color without prior notice. Product images may vary from the actual products and may show optional accessories which can be purchased separately. Errors and omissions excepted.

1) Measurements according to ANSI FL1 on the respective setting. Average values, in some cases, deviations by +/- 15 % may occur due to technical reasons. If no setting is explicitly indicated, the values refer to luminous flux (lumens/lm) and lighting range (meters/m) on the highest setting and to battery duration (hours/hrs/h) on the lowest setting. A boost function (if available) can be used several times, but only for short periods of time. If no setting is explicitly indicated, measurement is based on "energy saving mode."

2) Calculated capacity value in watt-hours (Wh). This applies to the delivery state of the battery/ies inside the respective item, or for lights with rechargeable battery/ies, to the rechargeable battery/ies inside the product when fully charged.

4) Warranty period of five years from the date of purchase, seven years if the product is registered online on our website. The warranty is valid worldwide and legal warranty rights also apply. It covers defects in materials and workmanship. For the proper functioning of rechargeable batteries a different warranty period of 24 months applies. Excluded from this warranty are the products of the "Solidline" series, Ledlenser K1 and Ledlenser K2. The warranty does not apply to defects in batteries, holsters, pouches, remote switches, color filters, imprints or surface coatings. The guarantor is Ledlenser GmbH & Co. KG, Kronenstr. 5 - 7, 42699 Solingen, Germany. More information: ledlenser.com/warranty

5) Charging time varies by hardware used.
